Basket Ball Boom Is On

CLASS BASKETBALL
UNDER WAY AGAIN

Seniors Won First Half and Are Confident that They Will Win the Championship—The Winners of the Second Half Will Play the Seniors for Cup.

Once again there is a mad scramble for top place in class basketball. The seniors started practice Friday and played their first game yesterday. This edition was put on the press before the game was played, therefore the results are not known. Varsity practice has taken a good many men from each of the class teams, but nevertheless some fancy playing is expected from the teams. The Seniors won the first half with a rush, winning five out of the six games. The Sophomores came second with four out of six games and the Freshmen and Juniors tied for last place, winning three and losing three. Twelve games will be played to decide the winner of the second series. This will mean that each team will play the other two games making six games in all for each team.

Remember fellows, the class teams of today make the Varsity of tomorrow, and the strength of our varsity teams of the next two or three years depends entirely upon the number of men that try out for the class teams. So everybody go out and try to put your class on top. Just because you would rather see a picture show some afternoon when there is a game to be played don't quit. You can see picture shows when you go home for the holidays but now is the only time that you have to help put your college on top.

The schedule for the coming week is as follows:

Monday, 4:15, Fresh vs. Sophs;
6:45, Juniors vs. Seniors.
Tuesday, 4:15, Sophs vs. Juniors;
6:45, Seniors vs. Fresh.
Wednesday, 4:15, Juniors vs. Fresh; 6:45, Seniors vs. Sophs.
Thursday, 4:15, Seniors vs. Fresh;
6:45, Juniors vs. Sophs.
Friday, 4:15, Fresh vs. Juniors;
7:00, Seniors vs. Sophs.

CUPID'S STOCK MARKET

(Special to The Tiger)

Clemson College, January 1920.—On account of the recent holidays, the Market of the Heart has been entirely unbalanced. Many changes are noted. "Hoots" has issued common stock, "Spot" has been slaying the market, "Cliffy" has caused much agitation, "Molly" is being bid high, and "Hammond" is being bid high for poor stock. Everything is unbalanced. Below are the most astounding quotations.

	Asked	Bid
"Spot" -----	000	99.8
"Hoots" preferred --	50	00.0
"Hoots" common --	10	237.9
"Cliffy" -----	176	54.8
"Booby" common --	47	.1
"Fitz" -----	110	120.0
"Hammond" common 00		187.0
"Molly" -----	50	50.0
"Hammond" pref. --	00	00.0
"Mills" -----	Infinity	00.0
"Jete" domestic ---	123	124.0
"Jete" foreign ----	76	99.0
"Gandy" preferred -	500	Unsettled

Mr. and Mrs. Paul Garrison are visiting the former's parents.

VARSITY CREW GIVEN SUPPER

TIGER TEAM ATTENDS BANQUET

Dr. Riggs Entertains in Honor of Varsity Squad

On the night of Saturday, December 13, 1919, the Clemson football squad attended a most enjoyable reception at the residence of Dr. Riggs. Upon their arrival, the men were invited into the parlor, and here it was that Mr. Jackson made the first blunder of the evening by overturning, with a terrible crash, a large potted plant.

Quite a while was spent in looking over the pictures of the past Tiger teams and in discussing the various successes of each.

Supper was then served, and an extensive menu was enjoyed by everyone. Dr. Riggs acted as toastmaster of the evening. He read a letter from Prof. Henry which stated his regrets at not being able to be present on account of his attendance at an S. I. A. A. meeting.

A number of speeches naturally followed, the speakers being led off by Mr. Armstrong, the captain-elect of next year's football team. He gave a very interesting discussion of the prospects of Clemson's football team for next year, and dealt also with the team's success during the past season.

Mr. Jackson, the manager of the team, then spoke of the three coaches in a very eloquent manner, telling what they had done for Clemson's success in the football world. He also spoke of the management of the team and gave an outline of the financial standing of the athletic association.

Mr. Voight, the athletic reporter of the Tiger, then gave an interesting discussion of the work of the Tiger—its efforts toward the publicity of the football team and other athletic teams of the college. He also gave a short talk on the probable extent of the success of the coming team.

Dr. Riggs then told of his football career at Auburn, and also at Clemson, and spoke very highly of that famous little football strategist—Coach Heisman—and his work at this college.

The pleasant entertainment continued well into the night, and it was with much reluctance that the gridiron heroes returned to the barracks that night.

NEW DEBATE COUNCIL ELECTED

To Have Charge of Clemson's Intercollegiate Debates

In order to make contracts for the intercollegiate debates for the year, a new debate council has been elected. The faculty members of the council are Dr. Daniel, Dr. Calhoun, and Prof. Holmes. The student members of the council are Messrs. Manigault of the Wade Hampton society, Covington of the Carolina society, Refo of the Hayne, Patrick of the Palmetto, Jeter of the Columbian, and Washington of the Calhoun. There men will make the new contract with Carolina and the Citadel for the triangular debate which the three colleges have been participating in for the past three years.

Miss Barbara Mallard of Sweetbrier College, Va., has returned after spending a few days with Mrs. W. H. Mills.

Block "C" For Seven Men

SEVEN NEW TIGERS RECEIVE
THE DEGREE OF WARRIOR
OF THE GRIDIRON

Block "C" Club Welcome Seven New Members

Just prior to the holidays the Athletic Council gave for publication the names of the men who showed by their work on the gridiron, that they were eligible to wear the letter of the college. The men winning their letter for football are, and have a perfect right to be, the most honored men in the college. The praise of every loyal Tiger goes out to these men who have for years done their best for the glory of Clemson and yet there is still a few men in barracks who are such pickers and knockers that they consider it their chief duty to criticize a football player should he wear the letter he has won. These knockers are far in the minority but a cur has many times made a big scare by his bark and it is a known fact that the work of a small bunch of good-for-nothing pickers in barracks has been the cause of more than one good athlete leaving Clemson. The men who have given all that they possessed for the glory of the Purple and Gold are Odell, Roper, Simmons, Spearman, Dunlap, Gettys, and Owens.

Odell came to Clemson with the class of '20 and has been giving his best towards making the Tiger eleven the masters of the south for the past four years. "Pug" Roper is also another of the class of '20 and his work on the gridiron during the past year could find no superior. Both Odell and Roper are backfield men, Odell pushing the incumbent fullback to the year's honors, and Roper, playing quarterback for his first time, showed that he was a master of football. Spearman came with the class of '20 but answered the call of war and slipped back one notch on the graduation scale. His work at tackle has been in a class with the spectacular. Owens is another of the Tiger warriors who went across with Uncle Sammy and then came back to fill a place on the Tiger roster. Injuries kept Owens out of the play for a part of the season but when in the game his playing could not be surpassed. Gettys and Dunlap are a pair of centers that could not be equalled. The playing of both of these men brought praise from everyone who saw them in action. Simmons played his first year with the Tigers and made good. Getting his first show in the Tennessee game, "Shag" played a marvelous game on tackle and won both a berth on the squad and undying fame.

And here's to the scrubs who did not make their letter but who, thru their untiring efforts made the varsity squad one of the best elevens in the south. Little praise ever reaches the ears of the scrubs concerning their great work and sacrifice but everyone who understands the sport knows that a winning eleven is impossible without the aid of the scrubs. And now let every loyal Tiger who has the fate of his team at heart honor not only every letter man he sees but also look with pride upon the wearers of the C. A. C.

Mr. and Mrs. Logan Marshall and children spent the holidays in Greenwood.

CADET ACTORS PERFECT PLANS

DRAMATIC CLUB IS
MADE A REALITY

Student Players Perfect Organization

With the purpose of making life around Tigertown livelier and of benefiting themselves, several members of the Senior Class met together last Friday evening and organized the Clemson College Dramatic Club. Dr. D. W. Daniel has consented to direct the Club, therefore we can vouch for its success. Mr. F. U. Wolfe was elected Business Manager and Mr. H. C. Walker was made Stage Director. The other members of the organization are Messrs. Jeter, Cullum, Henry, Kolb, Manigault, Patrick, Fitzgerald, Moore and Holly. H. M. The Club expects to put on one or more plays during the season, but as the organization has just been perfected, no plays have been selected yet. Announcements as to the time and name of the first play will be made later.

LOYAL TIGER DOING NICELY AT SANATORIUM

Lawrence Thackston, Former Star Football Player, Trying To Regain Use of Hand.

Old "Thacks" meant to die game but wiser heads saw his predicament and went to the rescue and now our former football star, Lawrence Thackston, is now spending a while at the Sanatorium in Rochester, Minn., nursing a hand that was injured last spring and which received a severe setback during the last football season when he continued playing the old game even after he was aware of the fact that the ligaments of his hand had again torn loose. A letter received from him a few days ago stated that he was getting along about as well as could be expected under the circumstances and that he expected to remain under treatment for some time to come. Thackston was one of the best ends ever seen on Riggs Field and a more game a man could not be found. Entering the Davidson game with a bad hand, Thackston played one of the best games of his career and he would have played thru the season had not Coach Donahue suspected that something was wrong with this warrior of his and sent him home for treatment.

"HAS BEENS" ORGANIZE

High Purpose in View—"Down With Jilters" Is Motto

The "Has Beens" were organized last Friday night when that organization held its first consolation meeting. After woeful tales of broken hearts and busted pocketbooks, the meeting was called to order and the following officers were elected: Mr. E. T. Bunch, Chief Mourner; Mr. "Hoots" Walker, High Grand Sigher; Mr. "Count" Dula, Chairman of the Investigating Committee; Messrs. Holly, Hammond, and Boyleston were appointed Keepers and Grand Guards of the S. O. L. After much bawling, strong resolutions of "never again" were adopted. Mr. "Rang" Rodgers applied for membership, but as the Committee found that he "never was", he couldn't be a "has been".

Miss Aline Doggett has returned to Converse College.

Quintet Meets Wofford 15th

Basketball Practice Begins—To Have Wonderful Squad With "Country" Morris at the Head—Many "C" Men Back on the Job—Manager Going Announces Schedule.

With the days of the pig skin over with, basketball now looms up with the promise of giving the sporting world a chance for excitement. Never before has basketball been looked forward to with as much favor at Clemson as this year. The lovers of the quint are promised some real games by the Tiger five and from present prospects basketball at Tigerville never looked more promising. "Country" Morris is again back on the job teaching new tricks to the old warriors and filling the craniums of the recruits with the best that there is in the world of basketball tactics. "Country" was the man who two seasons ago gave Clemson one of the best teams that the Purple and Gold can boast of. The Tigers have never lost a game at home since the court was built four years ago and ready money states that the Tigers will not lose a home game this season. Manager Going states that he has about completed the 1920 schedule and has kindly offered to present this schedule for publication this week. Mr. Going also states that he has on his schedule many of the strong S. I. A. A. teams and that many formidable quintets will be seen on the home court.

The strength of this season's team is doped from the number of letter men who are back on the job. Colbert, the big boy from Oklahoma, and one of the best players ever seen on the home court is back on the job and is ready to hand a deal out to all opponents. Colbert was the mainstay of the Clemson five two years ago and was absent from the game last season doing duty for Uncle Sam. Schenck, captain of the court men is also on duty and is going fine. Schenck plays basketball along the same line in which he handles the gridiron game—best for his position that can be found. Black is also another of "Country's" warriors who is rounding into the best of form and who will fight to the finish for the glory of Clemson. Last but not least of the "C" men is Going, manager of the famed indoor sport and who has already reached the trim point and is going good altho the season is just at hand. Other basketball tossers who are showing promise and who will give the regulars a good chase for a roost on Morris' five are: Coles, Doran, Black, Bryan, Boggs, Fitzgerald, Williams, Schilleter, Spearman, Hadlon, Clatworthy, Poe, and Kay. The basketball roster also boasts of the names of a number of Freshmen who will make good before the season is far advanced.

Game on Thursday

Manager Going has announced to the lovers of indoor sports (African golf excepted) that the game with Wofford is now a certainty and that as Old Father Time creeps to the place of four hours and thirty minutes past the noon hour on Thursday of this week the whistle for to start the season will sound and the Tigers will begin what is heralded as their banner season. The unscrupulous manager of the court men, after careful consideration, has decided to play the game on Thursday.

CLASS '20, OUR YEAR IS HERE

At last the year of years has rolled around for the present Senior class. It is a time long looked for. This year means an important step in our lives. We are about to enter the hard, cold world, there to fight the battles of life. Are we prepared to hit the heavy line of the world of Experience? Are we making the best of our last few months here at college? Are we looking forward to the future and trying to see what we can do to make ourselves amount to something in the world? Answer these yourself. It is up to you, men of Class '20.

Class '20 has always been a great and wonderful class. Let's make it more so by doing our best here at school. Next summer, when we enter the threshold of the world, let us pass into that realm with a strong determination to do our best and to uphold the standards of Class '20 on high.

Do your best and make 1920 a year to be remembered in the annals of our school. It's up to you, men!

Why should we not have a student activity fee? Without it there is everything to lose, while with it there is everything to gain. Student activity is the one thing that gives college life its distinctive feature. It is what "makes" college life. Take it away and your college becomes only a "source of learning"—one of the most pitiable places for young people. Have student activity stunted by lack of money, and the result is that there is a loss of all impetus, or "pep" in the work. The benefit derived from such student activity is almost negligible.

It is unnecessary to dwell on the good of student activities to college people however. It is a maxim that vigorous student activity is essential for a first-rate college. There is just one thing that is preventing student activity at Clemson from being on the top notch—there is plenty of pep, plenty of material, plenty of opportunities, and plenty of everything except "kale". All that there is for us to do to obtain this last attribute is to show those in authority that we are in favor of it. This favor can best be manifested by our promptly signing the breakage fee slips when they are presented. As yet it is not known when these slips will be presented or even that they will be presented at all, but if they are, let's make this giving of our remaining fee to the athletic association prompt and unanimous. This in itself will not amount to much, but it will show to the authorities the sentiment of the corps, and no doubt may be a means by which the student activities of 1920-21 will be financed by a blanket fee included as a part of our regular expenses.

The longer we live the more convinced do we become that that which makes the real difference between one man and another—between the man with power and the man without it, the significant and the insignificant—is energy. Energy will do

anything that is to be done, and nothing can hinder it. To think that we can do a certain thing is one-half of its accomplishment; to earnestly resolve to do it is the task itself. How many ideas are conceived that never amount to anything merely thru the lack of confidence of ability or lack of resolution of the originator to "put them thru." Ideas are products of imagination; they are but glimpses of the goal, and unless materialized slip back into the realm of dreams and are forgotten. Far more do ideas suffer from the lack of ambition and energy, than ambition and energy do from the lack of ideas. Ideas, like money, are only of value when put to use. An idea and energy are the only requisites for great accomplishments; ideas are plentiful. What then do we lack? Make the most of your "nows" and you won't have to worry about your "thens". The next "then" is in March.

HOOTS

By the Owl

WATCH OUT, BOYS!

Leap Year is here fellows. Remember the old slogan of "Look Before You Leap" and take heed. The Sub-debs, the She-vamps, the "tall ones and the fair ones" are on the trail. Even the old maids are on the war-path this year. Oh! fair young bachelors, beware! Your time is at hand. They are after you. The sweet young widow is on the road for another; the dear young damsel is in league with Cupid; all of the species are after the men. Watch your step, young fellow. It is 1920. It is Leap Year.

There are a few ways to get around them, though. Let your beard grow out, eat raw onions, use cheap weed. Get a grouch on when you see a femme approach. "vamp" Thompson has had a fourth speed put on his Ford in order to get away from the ladies. Schwetmann and Voight are becoming "speed demons" on the get-away. In fact, all of the fellows are trying to get away from "em except old "Pegasus" Allison, who cries, "Who's frightened, lead on, ye vamps, and dommed be he who cries enough." No one can outshine this King of Hearts.

"I once had a girl, that came to an end. Get a good dog, boys, he'll be your friend!"

Did you tackle the trouble that came your way
With a resolute heart and cheerful?
Or hide your face from the light away
With a craven soul and fearful?
Oh, a trouble's a ton or a trouble's an ounce
Or a trouble is just what you make it;
It isn't the fact that you are hurt that counts,
But only how did you take it?

And tho you are down to death, what then?
If you have done the best you could,
If you've played your part in the world of men,
Why the Great Critic will call it good;
And death comes with a creep or comes with a pounce.
But whether he is slow or spry,
It isn't the fact that you're dead that counts,
But only how did you die.

And though you are beaten to the ground, what's that?
Come up with a smiling face;
It's nothing against you to fall down flat,
But to lie there—that's the disgrace.
Why, the harder you are thrown, the higher you bounce;
Be proud to your blackened eye;
It isn't the fact that you're licked that counts,
But how did you fight and why?

"Big Boy", after loosening his stale line for about fifteen minutes on a Limestone postgrad: "!*?x!."
She: "Aw, gwan boy, I graduated in that line in the high school."

THE GARBAGE CAN

"Molly" Davis (Trash Man)

Well, Christmas has gone!
With a long, long look
We gaze on the form
of a flat pocketbook.

New Year's soon same.
We resolved—you can bet—
That we'd work night and day
To pay off our debt.

Keep a smile on your face;
Keep your heart full of cheer;
'Cause the fun of our lives
Comes just once a year.

The slogan of the first battalion is:
"A little child shall lead us."

George: "Say, what is the shim-mie?"

Jim: "It is the first-cousin to the B. V. D."

Jeff Webb has invented a new dance, "The Tanglefoot."

The shimie and all of its mean contemporaries may be the rage everywhere, but it won't find a place at Clemson.

Joe: "Why is it that you can't wear a watch?"

Henry: "Because I'm 'goosey' and the little hands tickle me."

The latest jazz number is "If you want to learn to shimie—buy a Ford."

"Cat" Randle: "You used to tell me that I was worth my weight in gold."

She: "Yes, but you were more pocketbook and less flesh, then."

Reporter: "What is your favorite sport?"

Musical Comedy Star: "A young millionaire."

Jack: "I want something for fleas."

Drug Clerk: "Why don't you get a dog?"

Monk: "She's the limit."

Harry: "Your finish, eh?"

Mary: "Are you fond of indoor sports?"

Jess: "Oh no, they are too frail and puny."

Jeter: "No woman has ever done me wrong; they always treat me fine and are very nice to me."

"Harry" Walker (recently turned cynical): "Oh yes, women are fond of children."

"Joe" Garner: "Gee, but you're a swell kid."

Fair Damsel: "My, but you're fresh."

"Joe": "No, indeed; I am 20 years old."

Jonnie: "Who was that new girl I saw you with last night?"

Jack: "That wasn't a new girl. That was my old girl painted over."

Eddie: "Marissa has appealing eyes."

Fred: "Has a peeling nose, I notice."

Algernon: "I once knew a fellow who gave a girl an engagement ring of opals."

Cedric: "Wasn't that unlucky?"

Algernon: "Yes, she married him."

Since the law requires all tin cans containing gasoline to be painted red, the Fords will have to change their color.

The bottom fell out of the "Garbage Can."

And I lost both prose and rhyme;
My jokes are poor and very scarce—
So good-bye until next time.

Same place, same line, same girl called Mr. Walker's hand.

Y. M. C. A. NOTES

The Sunday evening service was one of the most interesting meetings held this session. The service was conducted by the Clemson delegates to the American Student Volunteer Conference at DeMoines, Iowa. Each of them gave a short talk on what took place at the great conference and what they got out of the meetings. Before the speeches began, the college glee club sang "What Shall It Profit a Man." Mr. Boggs, the first speaker, told of what it meant to be a missionary and the qualifications a missionary should have. Mr. Newman was the second speaker, and he showed the need of missions in the new world. He gave some interesting statistics of the countries of South America. After Mr. Newman's talk the quartet sang the hymn, "Beautiful Isle of Somewhere." Our assistant secretary, Mr. Fox, then told some of the points he got out of the great conference. He said that only thru Christianity can we hope to establish a lasting peace in the world. "Holtzy" was the last to speak and he defined the Student Volunteer and explained the great Student Volunteer Movement. He said that the conference at DeMoines was the greatest religious gathering that had ever taken place in the history of the world. Over seven thousand delegates were present and they represented about six hundred colleges. From the reports that the delegates made it was a joy to have been there.

Class basketball will start soon. The Seniors were the winners of the first series and they will play the winners of the second series for the class championship. Come out and support your team.

The friends of Mr. and Mrs. Boyd Brandon are welcoming them back to their old home near Clemson.

Misses Sease, Shanklin, Redfern, Ravenel, and Mills have returned to Winthrop.

TIGER QUINT MEETS WOFFORD THURSDAY

(Continued from first page)

ful consideration both pro and con, has decided to let the honor of being the first to be defeated at the hands of the Tigers go to the abhorers of the Camel Walk—the Methodists of Wofford College. For several years Wofford has had the honor of being the first to receive defeat at the hands of the Tigers and it is believed that in consideration of the honor bestowed upon them in former years they will act with discretion in the game on Thursday. The line-up for this game has not been officially unchained but a safe bet is that the fighting captain of the team, Johnnie R. Schenck, will be a hard one to keep out of the scrap. The center position will probably be held down by the scrappy Tiger from the West, "Big Boy" Colbert. In selecting a right forward for the start-off game Coach Morris will undoubtedly start Mr. J. M. Black, of Anderson. Who is going to go in the first game to hold down the left guard job is not a matter of speculation as Going is the best there is an therefore nobody is going in except Going. The right guard position is the only one that would make even the oldest gambler of Monte Carlo scratch his ivory-topped dome as Coach Morris has a world of excellent material to select from and only the rare judgment of a man of "Country's" ability would undertake the job of selecting the man for the R. G. position. Dope gives this place to Coles or Doran with Black or Bryan sitting on the probable list.

Schedule for 1920

Wofford at Clemson	Jan. 15
Clemson at Furman	Jan. 17
Clemson at Carolina	Jan. 19
Clemson at Tech	Jan. 23
Clemson at Athens	Jan. 24
Auburn at Clemson	Jan. 26
Georgia at Clemson	Jan. 30
Clemson at Wofford	Feb. 6
Clemson at Davidson	Feb. 7
Clemson at Newberry	Feb. 13
Clemson at P. C.	Feb. 14

Newberry at Clemson	Feb. 15
Tech at Clemson	Feb. 21
Carolina at Clemson	Feb. 23
Davidson at Clemson	Feb. 25
P. C. at Clemson	— ? —

DID YOU KNOW THAT—

By "Red" Voight

It was a grand and glorious holiday even if most fellows did break up with their ladies? Cheer up, fellows, and remember what old Ben Franklin said about there being "more fish in the sea," when a fair dame shook him.

William F. S. the premier of the Ostrich world now looms up as the modern Vernon Castle?

Two thousand years ago there wasn't no Wentworth Street or no Peerlesses or nothing? Aren't you glad that you did not live in them days, Cliff?

The cold weather has made indoor sports more popular? Any how, Leo says that it is the greatest game going.

The wonder of the age is how is it that Old Gus hasn't been given the status of a faculty member yet?

"Ike and Mike" wish to inform their friends that they are again at home to friends in room 58?

Dancing is mighty fine but Camel Walking ?

Basketball practice has begun and that it is the duty of every loyal Tiger to know just how his team is coming on?

Start now, fellows, and begin to saturate because it is up to you to make the present season one of the greatest quint seasons for Clemson?

The Summerville Scandal devoted an entire column expressing the regrets of the good townspeople at the return of Eddie HoneyB to college?

Class basketball is ready to start? And did you know that if you have any class spirit at all you will show it by going out there and help to make your team a winner?

George Carpenter entered the ring at the age of thirteen? And that Cliff has bought a ring?

Babe Ruth, the world's greatest heavy hitter, was sold by Boston to the New York Yankees for a sum exceeding \$100,000? Some price for a Babe.

One daily had the following: "Shooting is a popular sport, but our young men do not lean strongly toward trap shooting. They prefer to shoot pedestrians." Possibly they never heard of African Golf.

News now comes to us that Chajes now holds the State Chess Title, having defeated Mr. Kupchick who defeated Mr. Belychirutz who recently won the title from Kzyaniopz Peys-jrup, the former Bolshevik champion?

If you can't play, it is up to you to back your team or else get out?

One of the features of the approaching Olympic games is high diving by American women?

One of the features of the holiday dancing was the Goose Neck Swings in the Camel Walk?

Dope states that Dempsey, world's heavy weight champion, has agreed to meet the Frenchman, George Carpentier, in a fist encounter, the purse to be in the whereabouts of

\$400,000? Better business than being a plumber that.

The three great hays are plain old "hay", hay maker, and Hazelle? Hay, Cliff?

The heaviest pig in the world is pig iron?

One of the most appreciated Xmas gifts was the one given by the Colonel in the form of the destroyal of the punishment list?

Jim Gandy states that one day additional holiday was detrimental to his domestic welfare?

Our forefathers had their rum and that we have our dancing? Let the world be.

Wonders never cease — Cordes shaved, "Specks" bathed, and the Blacks fell in love with a white girl?

WESTINGHOUSE MAN INTERVIEWS '20 ENGINEERS

Old Clemson Man Returns To Campus on Outlook for Prospects

K. O. Hobbs, '17, was on the campus just before Christmas representing the Westinghouse Electric Co. Most of us remember him as being a student here, he having finished up in 1917. Immediately after his graduation he entered the naval service of the U. S. and was afterwards transferred to Stevens Institute for Mechanical Engineers at Hoboken, N. J., where he was later commissioned an Ensign. He saw several months' service in South America and other foreign countries. He

received his discharge from the navy on June 5, 1919, at which time he entered the Westinghouse Electric Co. upon a sales course which he has about completed. Hobbs was here getting information concerning the number of class '20 men who intend entering the service of the Westinghouse Co.

CRAWFORD SUCCEEDS FRANKLIN AS SUPERINTENDENT RIVERSIDE-TOXAWAY

Anderson, Jan. 10.—G. A. Franklin, who has been superintendent of the Riverside-Toxaway mills for four years, has resigned and will have a similar position with the Sibley Mills of Augusta. Mr. Franklin will be succeeded by Jesse T. Crawford, formerly major in the 118th regiment of the Thirtieth Division and lately manager of the Riverside mill at Pendleton. Major Crawford will be superintendent of Riverside-Toxaway and also the Riverside at Pendleton. He is a mill man of experience, having been with the Brogon for several years after graduation at Clemson College and then was superintendent of Williamson mill after returning from the service.

Mr. and Mrs. J. C. Littlejohn have returned home after a visit to Jonesville.

Mrs. Thomas Keitt and her attractive little boys were the guests of Mr. and Mrs. Gantt for Christmas.

When you are most "all in" and ready to quit, success may be nearer at hand than you think, and hold on a little longer.

**Electricity—
the Master Force in Manufacturing**

THE marvels of electricity have revolutionized our manufacturing industries. With belts and pulleys replaced by electric motors operating automatic—almost human—machines, many a slow and tedious process has been eliminated. The factory worker's task of yesterday is made pleasant by his command of this magic power.

The Crane Company's plant at Chicago—electrical throughout—is a model of industrial efficiency. Its 10,000 horsepower of driving energy is brought by three small wires from a distant power plant. Then electricity drives the machinery which handles the coal for heating, cuts the steel, sifts the sand and sorts the material—in fact does everything from scrubbing the floor to winding the clock.

Such an institution is marvelous—superhuman—made thus by the man-multiplying force of electricity. The General Electric Company has been instrumental in effecting this evolution. First, by developing successful electric generating and transmission apparatus to furnish economically this modern form of power. Secondly, through many years of active co-operation with hundreds of manufacturers, it has mastered the art of applying the use of electrical energy to a multitude of needs. And finally, through branch offices and other distributing channels, its products are made accessible to all.

General Electric Company
General Office
Schenectady, N.Y.
Sales Offices in
all large cities.

Labels in image:
- Tower clock wound automatically by one-half horse power motor.
- Electric monorail crane for hoisting coal.
- Motor-generator set mounted on crane supplying power for lifting magnet.
- Electrically-heated glue-pots are used in pattern shops and elsewhere.
- Magnetic sorting machine, operated by a two-horsepower motor, separates brass from iron.
- Machine operated by motor attached to lamp socket scrubs floors.
- Hauling materials with train operated by electric automobile motors.

ALUMNI

Q. B. Newman, '01, has recently been appointed chief of engineers in the coast guard.

T. M. Jordan, '18, who has been with the State Highway Department for some time, is located in Camden, S. C., at present. He expects to be at Clemson on the night of the Senior dance, which will be Feb. 6.

J. W. Wofford, '18, who is in the Senior class at West Point, was at his home in Laurens on a furlough during the Christmas holidays.

S. R. Finley, '18, was a visitor on the campus last week. States will soon complete his student's training course in mechanical engineering with the H. L. Doherty Co., Toledo, Ohio. While here last week he made a very interesting talk to the engineering students on the work of the training courses which are offered by the Doherty Co.

R. W. Webb, '18, called by to see us a few days before Christmas. He is a student at Washington University in St. Louis.

The marriage of Lt. F. H. McDonald of class 1914, took place at Bennettsville, S. C., on December 30. Lt. McDonald was severely wounded at Bellicourt, France, while serving with the 30th Division, and is still under treatment in an army hospital in New York. The corps wishes him a speedy recovery and a long and happy married life.

G. G. Thrower, '19, is working in the ship yards of Neward, N. J.

R. J. Ellison, '18, was a week-end visitor on the campus. "Roy John" is working in the oil fields of Texas.

F. E. Mackin, '18, spent the Xmas holidays at his home in Rockton, and while on his way back to Selma, Ala., stopped by the college.

R. E. Bass, '18, is working in Hartsville, S. C.

E. D. Sloan, '17, is with the State Highway Department and at present he is located at McCoruick, S. C.

P. W. Spencer, '08, of Rock Hill, was recently married to Miss Mattie Lou Barnette of that city.

Dr. W. A. Barnette, '10, is the city health officer of Greenwood, S. C. He is also a practicing veterinarian in that city.

J. C. Furman, '18, spent the Christmas holidays with his parents on the campus.

J. D. Blair, '17, was at his home in Blairs, S. C., during the Christmas holidays. Blair is an English professor at Lanier High School, Macon, Ga.

J. A. Middleton, '18, visited his mother on the campus during the holidays.

The following Clemson alumni are on a Students Engineering Training Course with the H. S. Doherty Co., Toledo, Ohio: A. W. Wieters, '18, "Duck" Harmon, '17, and J. A. McDermid, '19.

Mrs. Ella Grayson Poats died at the home of her daughter, Mrs. J. C. Littlejohn, December 23, 1919, of pneumonia, following a year's illness of paralysis. Her son, Mr. T. G. Poats, and son-in-law, Mr. J. C. Littlejohn, accompanied the remains to Batesville, Va., where she was laid to rest beside the bodies of her husband and son. Mrs. Poats was in her 73rd year and had lived in Virginia all her life with the exception of the last four years spent with her children in South Carolina. Her life was a genuine benediction to all that came under its influence, and her children and children's children rise up and call her blessed.

A. I. E. E. HOLDS PEPPY MEETING

Prof. Rhodes and "Dr." Dunbar Discuss Subject of "Electrons"

At a meeting held on last Tuesday evening, the members of the branch showed that they could "buckle down" again and do some real work, notwithstanding their recent sojourn into the land of good times.

Prof. S. R. Rhodes, the principal speaker of the evening, started the program by a very thorough and interesting explanation of the "Electron Theory," in which he told of the most modern method used to find the size and weight of an electron. Prof. Rhodes' talk was probably the most interesting one heard this session and was enjoyed by all present.

The next number of the program was a discussion of other methods used to find the value of the electron, which was ably rendered by Mr. J. Y. Dunbar. Mr. Dunbar also gave a brief discussion of radium, telling of its power, uses, and durability. Mr. Dunbar's talk was one of the best prepared talks of the session, and we take this opportunity to thank him for his untiring efforts to bring "The Electron Theory" before the branch in its true light.

Mr. T. J. Zeigler gave a brief resume of the "Life of Millikan" up to the present time. This was followed by a digest of the "Current Events" by Mr. C. Yongue, which concluded the program for the evening.

SENIOR PRIVATES

REORGANIZE CLUB

On Friday night, the highly privileged members of the senior class congregated in the band-room and re-organized the Senior Private Club. The financial officers were the only ones elected, these being Messrs. Roper, Cullum, and ——. There was quite a large addition to the club roll. Some of the most influential ones who shipped with the crew were: Ex-Major Jackson, ex-Captains Roper, Cordes, Gandy, Cullum, Potts and Dunlap; ex-Lieutenants Dula, Truluck, McKenzie, Leland,

Fraser and Thrower. The club hopes for a very successful outcome of its activities for the remainder of the session.

FUN MAKERS ON THE JOB

Glee Club Gets in Tune

There's a time for work and a time for play. The Glee Club will afford us the time for fun and play. "Bob" Blake, Chapman, King, Mills, Bunch, Dunbar, Cobb, are some of the old men in the chorus. Our new additions are: Proctor, Owens, Baker, and Finger. The following "end men" have refused an offer with Al G. Fields in order to play with us this year: "Molly" Davis, "Harry" Dawes, "Johnny" Snow, "Gig" Freeman, "Joe" Garner and "Ed" Freeman. The Orchestra and Mandolin Club will be a great addition to last year's program. A repertoire of latest songs sung in the latest manner, music galore, fun, mirth and comedy, and a farce musical scene, will be presented by us. The price will be the only cheap thing in the whole show. Keep awake—we are going to spring a "good un" soon.

Figures

In the long ago in the 60's you know when grandma went walking she held her dress just so, But the girls now wearing the style of the day have an appearance of being shaped about this way.

—Gamecock.

LITERARY SOCIETIES

Carolina

The Carolina literary society held its regular meeting last Friday night. The society was called to order by J. H. Martin, acting as president. E. C. Wiggins read a very interesting selection. C. B. Huggins gave us a humorous poem on the "Flu". The query for debate was Resolved, "That South Carolina was right in adopting the compulsory education law." The affirmative was upheld by Messrs. G. A. Stanley and R. E. Carter. The negative was upheld by Messrs. M. J. Black and A. R. Kilgore. Although many good points were brought out by the negative side, the debate was won by G. A. Stanley and R. E. Carter on the affirmative side. S. Givner gave us a number of good jokes. J. F. Thomson, the treasurer, reported Chronicle dues paid, and a balance of twelve dollars in the treasury.

Hayne

The Hayne held its regular meeting last Friday night. The program was a very good one and was well carried out. Mr. McMeekin, the declaimer, rendered a very good declamation. The reader, Mr. Clark, gave us a very interesting selection, dealing with the business methods of America's most successful business men. The humorist, Mr. Refo, pulled some very deep jokes that required some thought to get the point. The debate, Resolved, "That farmers have a right to reduce amount of production of cotton in order to get a higher price," was very interesting. Mr. Potts and Mr. Shedd for the affirmative. Messrs. Garrison and Gandy representing the negative, brought out some excellent points for their side of the question. The judges decided in favor of the affirmative. Mr. Refo was chosen to represent the Hayne at the Debate Council. The society was pleased to have as visitors from the Carolina, Messrs. Jones,

Patrick, Farmer, Barnett, Snow, and McKenzie. Messrs. Patrick, Farmer and McKenzie were called upon for a few remarks. The Hayne extends a hearty welcome to all men who desire to join a good, live, helpful society.

Wade Hampton

The Wade Hampton held a very successful meeting Friday night. The first on the program was the orator, Mr. O. B. Mills. His subject was, "The opportunities that are offered today contrasted to the opportunities offered our forefathers." The essayist, Mr. Boozer, read a well-written paper entitled, "The opportunities of a Clemson Freshman." The joker, Mr. Cordes, was more of a joke than a joker. The query for debate was, Resolved, "That no restrictions should be placed on the sale of wines and beer." The affirmative was upheld by Messrs. Bratton and Voight, and the negative by Messrs. Manigault and Cordes. Both sides fought hard and long. Some real inside dope was brought to light. The affirmative side had as its strongest points, the nutritive value of beer, the survival of the fittest, and, "Am I my brother's keeper?" The negative side rallied on open saloons and the harmful effects of wine. The judges decided in favor of the affirmative. Mr. Manigault was elected to represent the society on the debate council. A good program is promised for next Friday. A cordial invitation is extended to any one who wishes to attend.

ANOTHER FACE

Did you ever see "Molly's" face? It's a disgrace to the human race. Much better would there be a vacant space, Than to have him take "The Monkey's Place". See those eyes, watch those ears, Of age they seem a hundred years. No wonder everyone begins to stare, He's the living image of the "Old Gray Mare." Now, Molly dear, I'll bid you adieu. Of faces like yours, we are thankful there are few.

ROYSTER'S FERTILIZERS

There is a Royster brand for every crop. The Practical experience of 31 years is combined with the scientific experience of highly paid experts, with the results that the FSR brands, for whatever purpose, give the correct proportions of plant food derived from the materials particularly suited to the crop for which it is intended. The difference in production attests the effectiveness of these methods.

F. S. Royster Guano Co.

NORFOLK, VIRGINIA.

BALTIMORE, MD. COLUMBIA, S. C. ATLANTA, GA.
TOLEDO, O. COLUMBUS, GA. MACON, GA.
TARBORO, N. C. MONTGOMERY, ALA. SPARTANBURG, S. C.
CHARLOTTE, N. C.

COURSES GIVEN AT CLEMSON

Agriculture:

With Major Subjects in

Agronomy
Botany
Chemistry
Animal Husbandry
Entomology
Veterinary Science
Horticulture
Soils
Dairying
Agricultural Education

Architecture

Chemistry

Mechanical Engineering

Electrical Engineering

Civil Engineering

Chemical Engineering

Textile Industry

General Science

Teacher Training in Trades and Industry

One Year Course in Agriculture

Two Year Course in Textiles

Clemson Agricultural College

The A. & M. College of the State of South Carolina

Clemson College, S. C.
